SUBJECT : Request for Approval to Extend Termination of Duty Date Due to Pregnancy - [redacted] 25X1

1. It is requested that favorable consideration be given to the request of [redacted] 25X1 that she be granted approval to extend her termination of duty date due to pregnancy from August 14 to 28 August 1959.

2. [redacted] 25X1 date of confinement is 30 September 1959. She had originally planned to terminate her employment on 14 August in accordance with Agency Regulation [redacted] 25X1 paragraph 6h; however, it is hereby requested that she be given the opportunity to continue her employment for the additional two weeks due to her fine physical condition and certain other factors enumerated as follows:

A. [redacted] 25X1 present duty station is located in a two-girl office. Her replacement has been requested but has not yet entered on duty.

B. The situation is further complicated by the fact that the other young lady in that office, [redacted] 25X1 has indicated her desire to terminate her employment for personal reasons in the latter part of September.

C. Replacements are not now available for either of these employees. Due to the interval of time needed to adequately train a replacement, and also taking into consideration the good health presently enjoyed by [redacted] 25X1, it is requested that she be granted approval by your office to extend her termination date to 28 August 1959.

3. A certificate signed by [redacted] 25X1 is attached.
